

# **CARTAR Decking System**

*Solutions that are innovative and simple*

*Cartar Decking System - Solution when extra ground clearance is vital .Retained by 4 posts per side inserted into the concrete. With Decking locked into the concrete floor , there is zero movement when driving over or when turning vehicle wheels . Decking can be easily lifted and removed to clean floor and to pressure clean decking*

**Material - Yellow composite Fibre**  
**Decking Height - 50 mm**  
**Decking Width - 450 mm**  
**2 x side Lengths @ 3.4 mtrs**  
**4 x Sections @ 1.7 mtrs**  
**2 x Rubber leading Ramps**  
**8 x Retaining bolts and Posts**

*australian made - australian quality*

**CARTAR** LIFT & MOVE
